Simple Buckeye Recipe

Ingredients:

- 1 cup peanut butter smooth
- 2 cups powdered sugar
- 1 tsp vanilla extract
- 2 cups semisweet chocolate
- 2 tbsp coconut oil, optional

Directions:

1. Add the peanut butter, butter, and vanilla to a stand mixer fitted with a paddle attachment and mix on low.
2. After 30 seconds or so stop and scrape the bowl down and mix until thoroughly combined

3. Slowly add confectioners' sugar and mix on medium low. Really important to scrape the bowl down here too!

4. Pinch off about a tablespoon of the mixture and roll balls in the palms of your hands. Chill to firm.

5. Melt the chocolate and coconut oil in a medium bowl and mix to combine. Set aside and allow to cool to room temp.

6. Use a toothpick to dip the chilled balls into the chocolate. Remove toothpick and smooth hole over with a knife.

Holiday Craft Instructions

Materials:

- 9 inch tulle circle (I got mine at the dollar store)
- clear hair elastic
- brown pipe cleaners
- red pipe cleaners
- silver bells
- google eyes
- glue dots (or craft glue)
- red pompom
- Christmas colored M&Ms or other treats

1) Place your candies in the middle of the tulle circles and secure closed with the elastic bands. Leave a small amount of excess tulle in the back to form the tail. Set aside.

2) Fold a brown pipe cleaner in half. Twist about 1 1/2 inches up from the point to form the head.

3) Wrap the ends around a pencil to form the antlers.

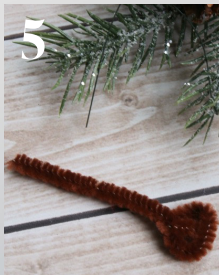

4) Take another brown pipe cleaner and cut it in half. Fold one of the pieces in half and place it around the twist between the top of the head and the antlers. Twist the two halves together so they look like one unit. This will be the neck that will insert into the treats. Bend the antlers and head to your desired shape.

Place one glue dot in the center of the top of the head and add two google eyes. Place a glue dot at the tip of the nose and add the red pom-pom.

5) Stick the neck into the tulle circles at the top.

From the legs and hooves, cut a brown pipe cleaner in half. Fold up the end approximately 1.5 inches from the bottom, twist onto the pipe cleaner and fold back down. Press into a triangle shape. Repeat for the second leg. Trim any excess pipe cleaner off the top to make your legs the desired length, keeping approximately one inch of extra length to insert into the candy bag.

6) Cut approximately 4 inches of red pipe cleaner to form the collar. Thread on three bells. Twist the ends to form a circle around the neck of the reindeer and then slide a threaded bell over each of the twisted ends to secure.

On a beautiful late summer morning, we had an unexpected visitor... Sorry Mr. Bear - no shirt, no shoes...No service!

A young bear, traveling alone walked up to our front door and stared at his reflection. It all happened so quickly that we didnt have time to get a close-up picture of him before he retreated to the berry patch at the opposite end of our parking lot. What fun the bear sighting was!
